

**Leading Manufacturer of
Innovative Surface
Protection Systems**

M A D E I N G E R M A N Y

Category	Description	Main Applications
HEGSEL Corr	High-Tech Advanced Polymer Coatings	Harsh chemical and thermal environments up to 225°C
HEGSEL Coat	High-Performance Corrosion Protection Coatings	Pipelines, marine environments and water treatment units
HEGSEL Flake	Glass Flake Reinforced Systems	Corrosive and chemically aggressive environments
HEGSEL Mortars	Acid & Alkali Resistant Mortars	Bedding and jointing of tiles and bricks
HEGSEL Tile	Acid-Resistant Porcelain Ceramic Tiles	Floor protection against a wide range of chemicals
HEGSEL Pox	Long-last Epoxy Floor Coatings	Industrial production plants, food industry, hospitals, warehouses, automotive industry,...
HEGSEL Fix	Ultra-durable Flexible Polyurethane Floor Coatings	
HEGSEL FRP	High-Strength Fiber Reinforced Plastics	Chemically and thermally stressed vessels, pits, floors and storage areas
HEGSEL Fix	Rapid Repair Mortars	Damaged steel surfaces, rubber lined and HEGSEL Corr coated equipment
